Articlenumber DN-19 32U-6/6-EC

Standard equipment:

- 1.5mm - 2mm strong sheet steel with high load capacity
- Color grey RAL 7035
- Ventilation slots for passive ventilation and exhaustion
- Protection class IP 40
- Framed safety glass door, opening angle 180° with lockable swing handle, optionally available as a double-wing door
- Lockable steel rear door
- non-opening side panels
- Up to 400kg loading capacity
- 19" profile rails ajustable in depth, front and back
- Large cable entry with rubber-edged sliding mechanism on the floor, as protection against cable breakage and damage, and ensures the fixation of large bundles of cable
- Height adjustable feet to compensate for uneven floors
- Ceiling module for ventilation unit
- Incl. 28 piece set of mounting screws
- The accessories are identical to the regular DIGITUS network cabinets apart from the ceiling fans and bases

The completely unmounted DIGITUS 19" network cabinets save space and minimize the shipping costs. The easily identifiable parts ensure a rapid assembly. The cabinets are suitable for all typical computer and telecommunication applications.
